We respectfully call the attention of our friends to the Plants, Seeds and Bulbs as well as Cut Flowers and Floral Designs, we have to offer this season, 1916, and assure them of the same careful and prompt attention to their orders, large or small, as has always been our first consideration.

We thank you for your generous patronage in the past and intend to merit a continuance of the same in the future.

Respectfully,

Yours to Command,

BROOKLAWN CONSERVATORIES

We take special pains that the list of Seeds, Plants and Bulbs are strictly pure and true to name and are sure to give entire satisfaction. Ask us and we will tell you just how to plant them and care for them.

Owing to conditions entirely beyond our control such as weather, soil or care, we cannot be responsible for failure, and orders for any Seeds, Plants or Bulbs from this booklet will be executed on these conditions only.
